Dear Parent

Amity is offering 2 Conferences for students to participate, so that they can experience and enrich themselves with the International Programmes.

***Harvard Youth Lead the Change Conference ***

YLC is a leadership development program by the Leadership institute at Harvard College. This program aims at empowering students and unlocking their leadership capabilities. Students work in a group to understand a global issue and develop a social change project to address it. YLC helps students gain the confidence, leadership skills and global perspective you need to lead the change within your local and global community.

***Ivy Early Entrepreneur ***

This program guides students step by step through all the aspects of running a business. Our coach through fun activities and simulations explains key business concepts, which are then backed by the personal experiences of the mentors who are successful entrepreneurs who hail from the Ivy Leagues. With the learning gained, students work on a problem statement and develop and pitch a business canvas. Students get to apply their knowledge through guaranteed internships with our partner firms.
